

DOE Implementation Grants

The Department of Energy is offering grants up to \$300,000, at 50% cost share, on a rolling basis to small and medium-sized manufacturers to improve energy efficiency. These grants can be used to implement recommendations from energy assessments performed by Industrial Assessment Centers. More info can be found at the link:

Eligibility Criteria

All applicants must meet the Eligibility Criteria.

Company Eligibility

- **Manufacturing entity:** engages in the mechanical, physical, or chemical transformation of materials, substances, or components; or, applicant is a water or wastewater treatment facility.
- **Domestic entity:** the entity must be organized, chartered, or incorporated (or otherwise formed) under the laws of a particular state or territory of the United States; have majority domestic ownership and control; and have a physical place of business in the United States.
- **Eligible NAICS Codes:**
 - NAICS Code: 31-33 (Manufacturing)
 - NAICS Code: 1114 (Controlled Environment Agriculture)
 - NAICS Code: 22131-22132 (Water Supply Systems and Sewage Treatment Facilities)
- In most recently completed fiscal year OR year of assessment:
 - Gross annual sales < \$100 million
 - Annual energy bills between \$100K and \$3.5 million
 - < 500 employees

Eligibility Based on IAC Report

- All proposed projects address AR or AAR recommendation(s) made by an IAC since January 1, 2018 and must be present in the report.
- No proposed project efforts have already been implemented.
- Minimum total project(s) implementation cost of \$10,000 (\$5,000 facility contribution, \$5,000 DOE contribution).

Application Process

The application is a quick and easy process, with eligibility being the main determining factor in receiving funding.

Submission

- The application process involves submitting the IAC report and filling out a short form.
- [Application Form](#)
- Facilities can reapply for the maximum of \$300,000 each round.

Eligible Projects

- Eligible projects can either be based on Assessment Recommendations (ARs) and Additional Assessment Recommendations (AARs).
- Since the costs in the report are estimates, the facility can adjust their funding request to match actual quotes
